

Welcome to the Fourth Taos Mountain Film Festival

Dear Festival Goers

During last year's festival we were visited by officials from two established Mountain Film Festivals, Banff (Canada) & Autrans (France). Their impression of our festival was sufficiently favourable for them to recommend our inclusion in the Inter-national Alliance for Mountain Film.

One of the chief reasons for the formation of the Alliance is the preservation of archival mountain films and in that cause I have programmed a series of historic mountaineering films in this year's festival. Many of these films will be shown in 16mm.

Since founding the Taos Mountain Film Festival four years ago I have been absorbed by the idea of a mountaineering quiz show.

Finally this year I have been able to pull it off due largely to the support of Lisa and Duane Raleigh at Rock and Ice Magazine. So come to the TCA on Friday night and test your knowledge of mountaineering history against the 'experts'.

This year's festival sets us firmly back in the mountains with a celebration of adventure.

See you in the cinema and on the crag.
